Katie is going to re-jig the tender report before we discuss VE as there are a few issues that need to be corrected to get to our true cost first!

We should hold a Value Engineering workshop before to much more discussion. Hierarchy of needs vs where we have correct values in CSA !! (Crazy Scottish Arithmetic).

Katie

I've only looked at very little on site but any reduction in works on the lower floor remodelling may assist, I'm my opinion that's the confusing bit !!

With my lack of knowledge of the works I'm happy to go along with the popular opinion.

Kind regards

Alan Sharrocks
Contracts Manager

Subject: Grenfell - Cladding

All,

Starting to think about VE for Grenfell ;

Looking at Frank's comparison Harleys are expensive on the windows:

Harley:	£1,537,842	Alternative system
3D :	£1,192,377	APPROVED INSTALLER of spec
Glass Solutions:	£1,121,418	APPROVED INSTALLER of spec
Advanced Glass:	£1,254,333	APPROVED INSTALLER of spec

May be worth discussing with Harley to see if they can come down on price before they start looking at VE.

Thoughts?
