Hi Simon

Please find attached the following information from KME for the Proteus Rainscreen cladding:-

- Typical draft guarantees
- New sales brochure
- CWCT test document from Taywood Engineering. The system is tested to BRE Digest 346, Part 7 for wind speed and serviceability and fatigue assessment, which demonstrates a 50 year life span based on safety of 2.4kn/m2 and serviceability of 3.6kn/m2.

Hope this is of some use.

Regards

Mike Albiston
