Gents,

Something to talk about tuesday. I have a gut feeling that KCTMO may go the cassette fix option on the cladding due to perceived planning risk. This gives us a benefit of £126,259 rather than the preferred face-fix option which will generate £200,798 benefit. I'm giving it my hardest sales pitch as we speak. Come on the Essex boy patter!

Regards

Simon Lawrence, ACIOB, MInstLM
