Cheers mate

Could you do one more check on the Internal partitions rate from the Plastering bill as I think this could be another one where it may be different across the areas?

Also, I did a Prelims build up on the attached CSA that I sent across to Chweecheen with certain figures in it. Could you add this in to yours and break it down. The tender report attached has my workings on the Prelim tab column AB and summarised in columns AI/AJ Row 30

Cheers
