Dear Philip,

I have set up a meeting with Building Control for Tuesday afternoon next week. Matt Smith can make it and so can Terry Ashton from Exova. Terry agreed to come although you haven't discussed appointment terms. Their scope of work may be clearer after this meeting anyway. I see the approval of the fire strategy as one of the more critical aspects of the proposals and explained to John Allen that we wished to get an approval on the fire in isolation and he sounded amenable to this.

Are we any closer to agreeing the fee quote from David Bonnett I forwarded on 22 August for Access input?

Regards
