Dear Chweechen,

We will include BREEAM Domestic rating B for the windows in the specification. I have checked with the manufacturer (Schueco) and this is the standard they achieve.

Regards

Tomas

Dear both

We met Carillion yesterday, talking about grant funding for various energy efficient schemes.

It seems to be that you need to have the insulation and windows higher than building regs rating to get grant. I am clear that our cladding is an enhancement to attract grant, but the windows need to be 'B' or 'A' rated to get the additional funding. Can you please confirm this is in the performance spec?
