Subject: Grenfell windows

Morning Kevin,

Further to our meeting last week our Client has requested to look at the window options i.e. all openers vs large window opening / small window fixed. There is also concern from the Client and Residents that the new windows are larger than the old so will affect their blind/curtain sizes. We know that they are going to be larger but I in lieu of an actual sample I want to be able to mark out new sizes on the walls/reveals etc so the residents get a indication for a consultation we are holding at the beginning of next week. So I could do with some up to date dimensions and drawings.

I've left a message on your mobile so could you give me a call back and I'll explain exactly what I'm after.

Regards

Simon Lawrence, ACIOB, MInstLM
