Yvonne

The building is served by 2 lifts.

The lifts are both fire fighting type, so the regulations say:

- Minimum car size 1100 x 1400 mm, 630 kg
- Minimum door width 800 mm

Does this help? I have not measured the lifts.

Thanks Claire

I think it is too far off to be pre-allocating yet!

Can you remind me which floor this is on

From the drawing it looks like it is served by 2 lifts, is that correct? Would you be able to let us know what the internal lift dimensions are

Many thanks, Yvonne

Yvonne

Please see the top right hand flat, which is a 3 bed 4 person flat; which we have planning permission on.

It has 2 single bedrooms and the double bedroom has the en-suite level access shower.

I do not know how the allocation process works, but if you are trying to get this flat pre-allocated then I would need to know that everything is in place before there is any bespoke design.

Thanks

Thanks Claire but I do not have any drawings. Could you please resend them

Many thanks

Yvonne

We do not have anything other than the drawings I have already sent you to date.

We will be working up the design I would think in Sept/Oct time.

The new homes will not be ready until July 2015 I suspect.

Feel free to nudge me in August!

Hi Claire

Are there any plans available for this property yet? If so could you please forward us a copy

Many thanks, Yvonne

Yvonne

I am the project manager for Grenfell. Our scheme includes the formation of one wheelchair unit, which is on the second floor and is a 3bed 4 person home. Our programme means that it is not likely to be built ou, and available for letting until summer 2015. If your enquirer needs a wheelchair property, she perhaps needs to get herself on the list now and talking to RBKC workers like yourself.

Thanks
