Abi, good morning

It was never intended to inspect all properties in the contract. I have inspected only those properties which had doors installed or being installed on that day, obviously this one was installed at the later time. If you require me to visit that particular door please advise.

Kind regards

Alex Fomin

Alex Good Morning

Hope you're keeping well

See further comment below with regards to report.

Flat 39 was inspected by Carl as works in progress but not on your report.

Could you ensure that the report is reflective of actual works being undertaken for audit purposes.

Thanks

Hi Abigail

I looked for flat 39 on the reports you have been sent by LHS ? I could not see flat 39 mentioned as being inspected?

Abi

Good morning, I visited King Charles House yesterday and two residents showed me their new flat entrance doors.

Flat 39 to fit the door some plaster etc had to be removed internally in the flat entrance lobby area the walls have not been made good.

Flat 13 the self closing device has come out of the door, the occupant contacted TMO and explained this and it was a newly fitted door etc and the TMO call person stated that Morrisons who come out and fix it
