SUPPLEMENTARY WITNESS STATEMENT OF PHILIP KING

I, PHILIP KING will say as follows:

1. I attach nine further videos that I filmed whilst watching the fire, and response, at Grenfell Tower on Wednesday 14 June 2017.
2. I exhibit the following videos in addition to my previously written, and served, witness statement. One video I had taken on the night has already been served as **PK/1** to my previous statement.
3. The first video I exhibit as **PK/2** is only two seconds long and is just a black screen.
4. The second video I exhibit as **PK/3** is four minutes long and shows the fire engines and firemen arriving right next to my house. It also shows smoke starting to come out of the Tower in the early stages of the fire.
5. The third video I exhibit as **PK/4** is four seconds long and is a brief shot of smoke coming out of the Tower.
6. The fourth video I exhibit as **PK/5** is one second long and shows the fire engine that was stationed outside my house on the night.
7. The fifth video I exhibit as **PK/6** is two minutes long and shows policemen and firemen heading towards the Tower from the fire engine that is stationed outside my house.

8. The sixth video I exhibit as **PK/7** is four minutes long and shows additional fire engines turning up at the scene. It also shows the Tower along with policemen and firemen assisting people in getting away from the fire.
9. The seventh video I exhibit as **PK/8** is six minutes long and shows smoke still pouring out of the Tower in the early hours of the morning.
10. The eighth video I exhibit as **PK/9** is nineteen seconds long and is a long distance shot of the Tower still smoking the next day.
11. The ninth, and final video, I exhibit as **PK/10** is twenty two seconds long and is a shot of the sky around the Tower after everything has died down.
